

STYL

GARMENT FACTORY

www.styl.hu - office@styltrade.hu

The Styl Garment Factory is a traditional Hungarian company. **We have been on the market with our products and services for more than 50 years.** In the recent decades, as a supplier to many international brands, our products have been found all over the world. Hundreds of thousands of quality clothing products have been manufactured on our production line.

We produce large quantity orders, small series, big size clothes, women's and man's pieces as well. Our equipment park is available for the entire process from product development through the sample production all the way to full material production.

Main services:

- designing and producing fashion products
- designing and producing formal clothes, uniforms, work clothes
- designing and producing traditional costumes
- producing protective clothing and masks

DESIGNING

Our design and production preparation team will create the prototype of the product and get ready for series production. We will put forward the proper supplies and raw materials, the sources of supply and the relevant manufacturing plants.

PROCUREMENT

Our sourcing team can find you up to 30% more competitive price. We can recommend the most suitable materials or alternative solutions from our international partners. Thanks to our huge raw material warehouse we can take the storage burden off your shoulder.

PRODUCING

Numerous remarkable international brands have put trust in our expertise, in 2020 we took part in producing more than 500 000 pieces of clothes and protective gear. Courtesy of our production preparation and quality control services we can ensure that the required items are produced on time and in the desired quality.

LOGISTICS

We have one of the largest clothing storage capacities in Central Europe, thus, proper stockage of the products is not a problem for us. Thanks to our flexible logistics solutions we are able to deliver the merchandise even to the retail partners.
