

ROOF
INTERNATIONAL

PRESENTATION

**ROOF
INTERNATIONAL**

**WHO WE
ARE**

ROOF INTERNATIONAL is a group of manufacturers based in Turkey for textile.

- Our office is based in Istanbul and most of our production facilities are based in East of Turkey such as Batman and Bingöl those are offering competitive price and short lead time.
- Our factories are strictly following ethical and social compliance rules. And each of them are audited either by Brands or 3rd Party Audit Companies.
- We have a wide range of production like outerwear and accessories such as bags, hats

**WHO WE
ARE**

ROOF INTERNATIONAL is a group of manufacturers based in Turkey for textile.

- Our teams consist of experts who are in Textile business over 20 years. In the light of this experience we have seen that creating so many collections by ourselves cause a waste of money and effort. Above that we are causing carbon footprint. Therefore we stopped creating too many collections and focused on customer demands. We believe in offering capsule collections as per our customers requirements when needed. In this way we believe we make a positive impact on Sustainability.
- Each of our factory has pattern and model makers dedicated to their speciality.
- Rather than offering too many collections we provide our customers the latest trend of fabrics and trims. We follow the trends and visit expo's to have better understanding of recent customer needs.

ANNUAL CAPACITIES PER PRODUCTION RANGE AS BELOW;

- Outerwear /900K
