## WHY WOOL.....

### Natural and environmental characteristics

- Natural, Renewable and sustainable
- 100% Biodegradable
- Energy Efficient Manufacturing

### Physical Characteristic

- Strength
- Elasticity
- Long Lasting-Durable

### Internal Environment

- Soil Resistant
- Hypoallergenic Bacteria Free

### Comfort

- Comfort & Safety
- Noise Absorbent
- Regulates Humidity

### Other Characteristics

- Flame Resistant
- Liquid Repellent
- Dyeable in Various Colours & Styles

## About Our Company

*“World of wool altogether at one place”*

*Established in 1980s, under strong vision and guidance of Late Navrantan Mal Surana, we have grown and expanded into globally respected company that we are today.*

*We take pride in having a vast experience of over 43 years in the woollen industry and a healthy share in total raw wool import in India. Initially Our Mainforte was trading of wool, but in 2001 we had set up our own scouring and spinning unit in Bikaner.*

*We are fully dedicated to provide our customers with quality products on timely basis and continuously thrive to improve our client satisfaction.*

### PRODUCTS:

#### 1. RawWool

*We import wool from virtually all wool growing nations (around 50 countries) and can supply mostly all the qualities of wool either in greasy or scoured form. With a Scouring Capacity of 250 tons of wool every month, we can provide a great product at low cost with considerable flexibility.*

#### 2. Woollen Yarn

*Our Spinning facility in Bikaner, with a production capacity of 132 tons monthly, facilitates us to manufacture all types of woollen, worsted and semi- worsted yarns. We specialize in Carpet Grade Woollen Yarn of different counts with natural shades and patterns made with different types of wool and other blends as per the customer's requirement.*

#### 3. WoolTops

*We regularly Manufacture Merino, Cross-Bred and Carpet grade WoolTops from 16.5-38 microns.*

#### 4. Speciality Fibers

*We also Supply Speciality Fibers Such as Mohair, Alpaca, Cashmera, Angora and Llama.*
